

Nova Scotia Water Caucus: Inventory of Groups

Purpose:

To create a network of individuals and organizations that is interested in supporting watershed-based management within Nova Scotia through the sharing of expertise, experiences, knowledge and information, equipment and resources. This network will also serve to facilitate the discussion of issues and the input of water-focused ENGOs in the development of water, watershed and coastal management strategies and policy.

To this end, the NS Water Caucus is hoping to create an inventory of such groups throughout the province and seek their interest in participating in this network. By filling out the following information, we can include you in our network and provide the opportunities to your group to benefit from and support it. There is no cost to join. A copy of the groups Terms of Reference are attached. If you have any questions prior to filling out this form, please contact our current Chairperson, XXXXXX at XXXXXX. Your completed form can be sent to: XXXXXXXX or emailed to: XXXXXXXX.

Your Group Name:

Where do you focus your work within NS?

Years in Existence:

Number of Active Members:

Key Contact Person and Info (website?)

Key Issues Being Addressed by Group:

Key Progress Made:

Key Challenges to Overcome: (organizational, financial, policy, technical, other?)

What do you think would be the benefits of your group joining the NS Water Caucus as described in the Terms of Reference? Disadvantages?

May we add your group to our membership?
